

Dear camper,

The Big Red Football School is designed to give you the opportunity to improve your football skills as you develop a better understanding of individual techniques and fundamentals of the game of football, speed and

conditioning enhancement. Placing an emphasis on team concept and a winning attitude is also a part of the football camp experience.

This summer we are offering the Husker Youth Camp for campers ages 8 to 13 (not yet in 9th grade), two high school camps for grades 9 through 12, the Quarterback Camp for grades 10 through 12, the Big Red Kicking Academy for grades 9 through 12 and the Team Camp for grades 9 through 12.

Attending camp is valuable to the development of a young athlete, and the Nebraska coaching staff is offering personal instruction and individual techniques in a fun camp atmosphere. The Nebraska coaching staff is excited about having the opportunity to help you excel on and off the football field. I look forward to seeing you at camp this summer.

Sincerely,

Bo Pelini

Head Coach  
University of Nebraska Football
